ABOUT ME

SOC Analyst | Wazuh SIEM | Security Monitoring | Log Analysis.

I am an aspiring "Security Operations Center (SOC) Analyst" with hands-on experience in building and managing a Wazuh SIEM lab. My practical work includes Windows and Linux security monitoring, File Integrity Monitoring (FIM), custom detection rules, log analysis, and security event investigation.

WORK EXPERIENCE

🏢 – Merik Solutions – Islamabad, Pakistan

Soc Analyst Intern

[03/2026 – Current]

6-Months Internship

- Hands on experience in Fundamentals of CyberSecurity like Networking, Linux Core and AWS Azure.
- Deployed Wazuh SIEM lab.
- Managed Windows and Linux agents.
- Configured File Integrity Monitoring.
- Built custom dashboards.
- Investigated security alerts on ELK.
- Worked with Sysmon for Linux & Windows
- Learned MITRE ATT&CK mapping.

🏢 – ITSOLERA PVT LTD – Islamabad, Pakistan (Remote)

Red Team Intern

[01/2026 – 04/2026]

4-Month Internship

- Conducted web application vulnerability assessments.
- Identified security vulnerabilities.
- Prepared assessment reports.
- Assisted in red-team simulations.
- Collaborated security testing activities.

EDUCATION AND TRAINING

Bachelor of Science in Computer Science

Virtual University of Pakistan [09/2025 – Current]

City: Khanewal | Country: Pakistan | Website: <https://www.vu.edu.pk>

Intermediate

Punjab College for Boys Lahore Morr [11/09/2022 – 04/09/2024]

City: Khanewal | Country: Pakistan

Matriculation

Govt Model Higher Secondary School Khanewal [15/03/2020 – 31/08/2022]

City: Khanewal | Country: Pakistan

CERTIFICATIONS

[18/06/2025 – 25/09/2025]

Network Defense

Gained expertise in **"Network Defense"** through a 3-month course at **CISCO Networking Academy**, focusing on advanced cybersecurity strategies, intrusion detection, and network protection protocols.

[08/03/2025 – 18/09/2025]

Penetration Testing Web Hacking

Completed a 6-month diploma in **"Penetration Testing and Web Hacking"** from **eHunar**, gaining practical experience in exploiting web vulnerabilities, secure coding, and advanced testing methodologies.

[07/06/2025 – 12/09/2025]

Endpoint Security Cisco Certified

Achieved a 3-month certification of **"Endpoint Security"** from **CISCO Networking Academy** focused on specialized training in endpoint protection, detection, and response strategies.

[04/07/2025 – 06/09/2025]

Network Devices and Basic Configuration

Acquired hands on learning in **"Network Devices and Basic Configuration"** through a comprehensive 2-month course at **CISCO Networking Academy**, focusing on essential hardware setup and network configuration.

[25/07/2025 – 30/08/2025]

Introduction to Cyber Security Cisco Certified

Participated in 1-month theoretical course, **"Introduction to Cyber Security"** certified by **CISCO Networking Academy**, covering foundational cybersecurity concepts and network security principles.

[17/02/2025 – 15/08/2025]

Diploma in Advance Cyber Security (DACS)

Completed a 6-month **"Diploma in Advanced Cyber Security"** at **PNY Training, Lahore**, focused on practical CCNA, network security, Penetration Testing and Programming fundamentals...

[11/05/2025 – 11/08/2025]

Certified Ethical Hacking

Earned a 3-month **"Certified Ethical Hacking"** Diploma from **eHunar**, a government-affiliated platform, covering ethical hacking tools, vulnerability assessment, and security techniques.

[03/06/2019 – 09/12/2019]

Computer Hardware & Software

Completed a 6-month diploma in **"Computer Hardware and Software"**, covering system assembly, troubleshooting, and software installation.

SKILLS

Wazuh SIEM / ELK Stack / Security Monitoring / Incident Response / Log Analysis / MITRE ATT&CK Mapping / File Integrity Monitoring / Windows Event Logs

Creative Skills

Collaborative Team Work / Creative Technical Problem Solving / Strategic Decision Making / Efficient Time & Task Management / Impactful Communication
